ONE HUNDRED DOLLARS

DO NOT DUPLICATE

People Plus spends considerable sums of money recruiting good employees like you. In spite of the advertising, our best source of new, good employees is referrals from our existing employees. We appreciate your confidence in us as shown by referring your friends and relatives to People Plus. This referral bonus system is our way of thanking our assigned employees for your confidence in People Plus.

When you refer someone, print your name and the person you are referring on the opposite side. Have the person referred bring the coupon when they register or you can bring it in before they register with People Plus.

When the referred person works for People Plus for 170 hours (about a month) you are guaranteed a minimum of \$25. As they continue to work, your bonus will grow up to \$100 (about 4 months). You will be paid when the bonus reaches \$100 or the referred person no longer works for People Plus.
